

UTS:Careers User Access

UTS Current Students

All current students at UTS have full access to CareerHub and all other services we provide. Once you have enrolled, you will be able to login and use CareerHub to search and apply for employment opportunities, register for events and workshops, and access a range of careers-related resources.

UTS Alumni

If you have graduated from UTS, you will have full access to CareerHub and other UTS:Careers services for up to two years after course completion. During this two year period, you'll be able to use CareerHub to search and apply for employment opportunities, register for Alumni events and workshops, and access a range of careers-related resources.

If your course completion date is greater than two years and you need some career advice, please visit the [Career Development Association of Australia](#) website.

Leave of Absence Students

If you are a current student on a Leave of Absence, you are still able to login to CareerHub and access resources. If you need any career advice or assistance, please visit our Drop In service to speak to one of our Recruitment Advisors.

UTS Insearch & Prospective Students

If you are a UTS Insearch or prospective student and thinking about attending UTS but need some help deciding what course is right for you, you are eligible to visit our Drop In service, where you'll be able to speak to a Recruitment Advisor about any career questions you have about the course you are interested in.

Please note that CareerHub and events are not available to UTS Insearch or prospective students.
